

# "Scouts" Have Arrived Boys Going "Wild" Over Them!

They're here, boys! Those world-famous "Boy Scout" Shoes—the shoes you have been reading about in the big magazines—the shoes that have made such a tremendous hit in the big cities—are now in town and ready for you. And they're "beauts"! Better than the magazines said they were, if such a thing is possible. Nothing like them for baseball, running, jumping or any outdoor sport. Colors: Olive, Tan and Black.

## The "BOY SCOUT" Shoe

is made especially for the growing foot. It's the most sensible—the most attractive—the most comfortable shoe ever made for rough and tumble wear.

The tops are as soft as a glove—they're made from Elk Skin Leather. Soles are made from high grade Elk Sole Leather and heels are solid Elk Leather. Our secret tanning process makes the soles wear two to three times as long as

common soles. And they're put on so good they can't pull off.

"Boy Scouts" are made without linings—they're the coolest and most healthful shoes on the market.

Tell your pa and your ma about them. Tell your pa he can get a pair for himself, too. Tell him they'll outwear two to three pairs of ordinary shoes. Have him bring you up to look at them—costs nothing to see them.
